

Trusts and Estates Society in collaboration with ACTEC Law Journal presents:

Legal Careers in Trusts and Estates

Thursday, March 23 | noon-2 p.m. | Rm 308

Moderated by Professor Aklilah Folami, this panel discussion will focus on careers in this field of law. Our panelists will be speaking on a number of different topics including how, why and when they decided to practice in their area of specialty; the steps they took academically and professionally to prepare themselves for their careers; what they do on a day-to-day basis; and what makes them passionate about the work they do.

Students are encouraged to come prepared with thoughtful questions.
